

# FAMILY MINISTRY

To grow resilient resourceful youth and families, we:

- Create caring connections and traditions,
- Invite curiosity and spiritual exploration, and
- Explore ways to build a better, more compassionate world together.

## *Sunday RE Classes*

Children begin Sundays in worship and are then sung out to classes that explore their spiritual needs in a fun age-appropriate way. Games, songs, exploration, and circle time are some of the activities.

## *Special Trips and Events for Kids and Families*

We plan special outings for fun, to extend learning opportunities, and to allow families time to get to know one-another. Sometimes we also connect with other nearby UU congregations.

## *Rites of Passage/OWL*

Over the course of childhood and adolescence, we offer different rites of passage, and the Our Whole Lives classes to honor and support the changing needs and abilities of our young members.

## *Intergenerational Events*

The Family Ministry Team also supports a number of fun for all ages event such as our church retreat, Stone Soup Sunday, and Deck the Halls
